The office responsible for the task

all things doing for task

Task time in days

Or click here if task finish

DONE Edit

The image shows a screenshot of a web-based task management application. The interface is in Arabic. At the top, there's a header bar with the text 'الرئيسية' (Home) and a close button. Below the header, there are several input fields and buttons. A date field contains '1445/02/21' with a label 'The date of the task'. Next to it is a numeric field with '0' and a label 'Number of task'. Below these is a dropdown menu with a label 'The office that requested the tasks'. A large red rectangular area is labeled 'Task title'. Below that is another dropdown menu labeled 'The office responsible for the task'. To the left of this dropdown is a text input field containing 'all things doing for task'. To the right of the dropdown is a numeric field with '0' and a label 'Task time in days'. At the bottom left is a blue button labeled 'DONE'. At the bottom right is a blue button labeled 'Edit'. A large black box with the text 'Or click here if task finish' is positioned over the bottom right area, with an arrow pointing from the 'DONE' button to it.
